Subject: Waymo v. Uber - text message production
Attachments: TK-AL Texts for Production - 8.4.17.pdf

Hi James,

Per your request, attached is an advance courtesy copy of a spreadsheet reflecting text messages recovered from Travis Kalanick's phone. The password for the file is [REDACTED]

This spreadsheet identifies all text messages located between Mr. Kalanick and Anthony Levandowski (or in some instances, group chats in which the two are participants) after an extensive search and eyes-on-review of data from a backup of Mr. Kalanick's mobile phone.

Please note that there are time and date stamps from 2005, 2006, 2011, and 2014 that are obviously incorrect. However, we have included the time and date stamps here as they exist on the phone.

The texts themselves will be forthcoming.

All the best,
Betsy
